

Differential Builds

- **Modern browsers**
 - ES Modules nativos
 - No polyfills
- **Legacy**
 - System
 - Polyfills

A screenshot of a file explorer showing a list of JavaScript files. The files are organized by component and build configuration. The 'ion-button' component files are highlighted in blue, while the others are in dark grey. Each file has a small icon to its left, representing a file with a blue 'x'.

- ion-backdrop.md.sc.entry.js
- ion-backdrop.md.sc.es5.entry.js
- ion-button.ios.entry.js
- ion-button.ios.es5.entry.js
- ion-button.ios.sc.entry.js
- ion-button.ios.sc.es5.entry.js
- ion-button.md.entry.js
- ion-button.md.es5.entry.js
- ion-button.md.sc.entry.js
- ion-button.md.sc.es5.entry.js
- ion-card.ios.entry.js
- ion-card.ios.es5.entry.js

- Build with iOS and MD styles
- Build in ESM (modern)
- Build in ES5 (legacy, IE11)
- Build SC: browser that doesn't support native shadow-dom
